# About This Report

Thank you for participating in the National Study of Learning, Voting, and Engagement (NSLVE). Since NSLVE's launch in 2013, more than 1,000 colleges and universities have signed up to receive their voting rates for the 2012, 2014 and 2016 federal elections. Along with others, your institution's participation in this study has allowed us to build a robust database of nearly 30 million college student records, about 10 million for each election year, that serve as a foundation for innovative research on college student political learning and engagement in democracy.

NSLVE is a signature initiative of the Institute for Democracy and Higher Education (IDHE) at Tufts University's Jonathan M. Tisch College of Civic Life. The mission of IDHE is to shift college and university priorities and culture to advance political learning, agency, and equity. We achieve our mission through research, resource development, technical assistance, and advocacy.

## About the Data

The voter registration and voting rates in this report reflect the percentage of your institution's students who were eligible to vote and who actually voted in the 2012 and 2016 elections. These results are based on enrollment records your institution submitted to the National Student Clearinghouse (FERPA-blocked records excluded) and publicly available voting files collected by Catalyst.

Institutional voting rates are adjusted by deducting an estimated number of students identified by each institution as non-resident aliens and reported to the Integrated Postsecondary Education Data System (IPEDS). For breakdowns by student characteristics, we cannot consistently adjust for students who are non-resident aliens, resident aliens, or undocumented students. This may result in your institution's actual voting rate being higher than we report. To calculate that percentage, and to read more about NSLVE data, see our [FAQ on Campus Reports](#). Please also see [Creating and Maintaining the NSLVE Database](#) paper for a more detailed study methodology.

## Reviewing the Data

Use the following key to interpret the charts:

- \* = number of students is less than 10
- n/a = no data was collected or calculated for this field.

## What to do next?

- Review the data. This report provides a baseline measure of your students' engagement in democracy in 2012 and 2016, and compares your institution's voting rates to similar institutions. Visit our website for more comparison data.
- Share the report widely and strategically, including posting it online.
- Put your data into practice. Use our IDHE Resources to guide you.
- Address your campus climate for student political learning, discourse, and participation. Start by bringing the IDHE team to your campus or using the IDHE self-assessment rubric available on our website.
- Partner with IDHE. We are available with virtual office hours, webinars, brown bag discussions and in-person trainings.

For up-to-date news on NSLVE data, resources and upcoming opportunities visit our website: [idhe.tufts.edu](http://idhe.tufts.edu).

Follow us on Twitter [@TuftsIDHE](https://twitter.com/TuftsIDHE) or email us at [NSLVE@tufts.edu](mailto:NSLVE@tufts.edu).

Warm regards,  
IDHE Team
