Our Plan

We've scheduled campus programming that is focused on instructing students about all candidates that are still in the running for presidency with the refrain of bias. It's important to us that we guide our student body with impartial knowledge, so that they may make their own decisions and grow as a person from it. As a result we've created a variety of informational pamphlets that demonstrate the political platforms of all candidates involved in the running for Presidency as well as outlined important dates and times for campus events revolving around the elections.

Events Calendar:

Monday, Sept. 26th and 27th

Voter Registration table

Promoting

To better get our plans across campus we've created posters and flyers to set up throughout our campus grounds, in an effort to grab the attention of our student body. We have seen that, by doing

previous events and programming, portal page access, e-mails and digital broadcasting of our events only reaches a set percent of students. So we are hoping that by creating large enough posters with eye-catching designs and colors, we can shorten the gap for lack of attention received elsewhere.

Voter Registration

We are lucky enough to have staff on Kishwaukee campus grounds that can register students to vote, as well as guide them in the process of figuring out what they will need to vote and where else they can go to register. Which is why we have five voter registration tables scheduled to occur on campus before the deadline to register is reached.

Our first voter registration table showed positive results and we're happy to see that we've a plethora of students willing to take up the opportunity to register to vote.

Outlook

This is a Student Government sponsored event, and although we are involved in more than just politics, here on our campus, we appreciate the opportunity to challenge our team in spreading knowledge for such an important cause.

Therefore we are consistently happy and excited to see how motivated our campus gets by becoming a part of such a huge event. It lets us know our efforts are not in vain and that, no matter how small, we are making a difference.
