

## In This Report

This report presents data on student voter participation rates for your campus. The topline counts on page 5 tells you how many students voted, but we encourage you to look carefully at the data on subsequent pages to learn who voted. Data are presented in the form of vessel charts, overlapping donut charts, and tables.

	2014			2018			2014-2018
	Enrolled	Voted	Rate (%)	Enrolled	Voted	Rate (%)	Change (p.p.)
Asian	-	-	-	-	-	-	-
American Indian/ Alaska Native	-	-	-	-	-	-	-
Black	-	-	-	-	-	-	-
Hispanic	-	-	-	-	-	-	-

### Tables

The tables show, on the left-side columns, the numbers of students and the rates from 2016, 2018, and 2020. On the left-side, percentage point (p.p.) changes between 2016 and 2020. A red down arrow indicates a decrease, a green up arrow indicates an increase, and a yellow arrow pointing to the right indicates no change. "-" in these tables indicates that the data is unavailable/missing, or is available for 10 or less students.

### Vessel Chart

This chart shows rates out of 100%, with arrows to the right of each bar representing relevant national averages (medians), which you can find in IDHE's national report Democracy Counts 2020.

### Overlapping Donut Chart

This chart is used to show the breakdown of vote method utilization (page 9), with the inner ring showing your campus's method utilization and the outer ring showing the national level utilization. These are described in percentages.

# Voting, Registration and Yield Rates (Unadjusted)

## YOUR INSTITUTION

63.1%

2020 Unadjusted Voting Rate

## ALL INSTITUTIONS

66%

2020 Voting Rate

### REGISTRATION RATE (Unadjusted)

The **Registration Rate** is the percent of your voting-eligible students who registered to vote.

### VOTING RATE OF REGISTERED STUDENTS

The **Voting Rate of Registered Students** is the percent of registered students who voted on Election Day. We often refer to this as the “yield” rate.

### VOTING RATE (Unadjusted)

The **Voting Rate** is the percentage of eligible students who voted on Election Day. The voting rate is also the product of the registration and yield rates.

## Looking Closer

### Voting and Registration Rates

	2016	2018	2020	2016-2020 Change (p.p.)
Total Student Records	1,979	1,555	1,141	↓ -838
Age under 18/Unknown	12	8	2	↓ -10
FERPA records blocked	1	1	1	→ 0
Non-Degree Seeking Students	71	0	0	↓ -71
Total eligible students (unadjusted)	1,895	1,546	1,138	
Number of students who registered	1,458	1,177	848	
Number of students who voted	1,190	848	718	
Registration Rate % (unadjusted)	77	76	75	
Voting Rate of Registered Students %	82	72	85	
Voting Rate % (unadjusted)	63	55	63	

We looked at (1) whether you flagged for us your nonresident aliens/international students (NRAs) who would not be eligible to vote (2) whether your enrollment numbers, including NRAs come close to those reported by your institution to IPEDS. We need this information because we remove the number of NRAs from the total number of students, to determine the number of students eligible to vote.

When we see a large discrepancy in enrollment data (IPEDS vs. Clearinghouse), we cannot verify the number of NRAs your institution flagged or accurately estimate the number of NRAs based on IPEDS, whom we presume to be ineligible to vote. **In our dataset of 1,182 campuses, this is the case for 16 campuses, including yours.** For this reason, we include “unadjusted” rates, meaning we have not removed the number of NRAs from your enrollment list. **Because the data is not adjusted, you cannot rely on these rates as accurate reflections of your student voting population.**
