I. Executive Summary

This action plan was developed by Stephanie Quirk, Coordinator of Student Life in partnership with students in the Student Leadership Council and members of the COD Votes team to communicate our strategy for increasing both the registration and turnout rates of voters at College of DuPage. The planned activities outlined here will be carried out over 2022-2024 Academic Plan, on and around our campus in Glen Ellyn, Illinois.

The following groups will be leading this work at College of DuPage to accomplish our goals and further institutionalize our commitment to civic learning, democratic engagement, and youth participation in elections:

- Undergraduate Students
- Faculty from a variety of disciplines
- Student Affairs Staff and Managers

The mission of our initiative is:

- The COD Votes team is a cross-institutional group of College of DuPage students, staff, faculty, and community members working to increase nonpartisan civic learning and engagement in the democratic process.

The All In Campus Democracy Challenge action plan is a summary of the collaborative effort to unify and coordinate civic engagement activities at College of DuPage. College of DuPage has a long history of serving students and the surrounding community with a focus on being a center for excellence in teaching, learning, and cultural experiences. The institution does this by championing the values of integrity, honesty, respect, responsibility, and equity. This action plan continues our ongoing commitment to make plans and to take action to increase nonpartisan student civic learning, political engagement, and – especially – voter participation.

Here we formalize our commitment to:

- Establish a team dedicated to increase nonpartisan civic learning and engagement in the democratic process
- Ensure College of DuPage has an annual plan with short and long-term goals for increasing voting rates among the student body.
- Provide ongoing opportunities for College of DuPage students who wish to fulfill service-learning requirements through the civic engagement of their peers

At the heart of this action plan is the goal of educating, empowering, and supporting students, faculty, staff, and community to become active participants, seek to appreciate and understand other perspectives, and make conscious decisions to have a positive impact on their communities.
II. Leadership

Stephanie Quirk, PhD, Coordinator of Student Life will be overseeing our work to increase civic learning and democratic engagement on campus. They work collaboratively with the COD Votes Leadership Team:

- Ayesha Shafiuddin - Student Leadership Council Officer & Student Trustee
- Chuck Steele - Manager of Student Life, Student Leadership Council Organization Co-Advisor of the Student Leadership Council
- David Swope, Sr. - Manager of Center for Student Diversity and Inclusion
- Shamili Ajaonkar - Biology Faculty, Global Education Faculty Chair
- Maureen Heffern Ponicki - Political Science Faculty, Model UN Club Advisor & Youth Against Political Apathy Club Advisor
- Lauren Morgan - Speech Communication Faculty
- Jim Allen - English Faculty, Learning Communities Faculty Chair
- Karin Evans - English Faculty, Accelerated Learning Program (APL)
- Joan DiPiero - Community Relations
- Christine Kickles - Reference Librarian, Phi Theta Kappa Honors Society Co-Advisor
- Roberta Wheatley - League of Women Voters, Glen Ellyn
- Thomas Armstrong - Just a Foot Soldiers Journey Inc., Naperville

This coalition is diverse and inclusive of representation from different parts of campus, including student leadership, different perspectives and areas of expertise, trusted leaders and organizations who support communities that are historically underrepresented in democracy, and leaders who can help with outreach and power building by bringing more people across campus into our work.

Our team meets quarterly for all-team meetings at College of DuPage and monthly for working meetings. We are also partnering with the following organizations from the Students Learn Students Vote Coalition to support our efforts on campus: All In Campus Democracy Challenge, National Voter Registration Day, Democracy Works: Turbo Vote.

III. Commitment

College of DuPage’s institutional philosophy is clear: we are wholly committed to facilitate and support student success in learning and we affirm our role as a catalyst for promoting dialogue and tolerance on issues supporting the common good. An institutional-level commitment to civic engagement sends a message to all students and the campus community that Chaps live out the core values of integrity, honesty, respect, responsibility, and equity when they are civically engaged and vote.

We also have had the President of College of DuPage, Dr. Brian Caputo, commit to civic learning and democratic engagement on our campus.
On campus, we’ve seen:

- Voter education resources
- Political clubs or student organizations
- Campus leaders promoting voting
- On campus polling place
- Voter registration tables
- Protests / rallies / walkouts
- Signage promoting Election Day

On campus, we’ve experienced:

- Voting in student body elections
- Political speakers
- Registering to vote
- Civic Holiday events (such as National Voter Registration Day, National Voter Education Week, and Vote Early Day)
- Deliberative dialogues

The emphasis on civic learning and democratic engagement could be increased.

IV. Landscape

The Student Leadership Council and Office of Student Life have a long history of encouraging students to become civically engaged. The Three Tenets of Leadership Philosophy, developed in the Office of Student Life in 1991 speaks directly to this effort to align our definition of leadership with a positive impact in the community. The three tenets are:

- Active participation in life and in communities
- Appreciation and understanding of multiple perspectives
- Conscious decision-making

Practicing these three tenets to have a positive impact in the community is leadership and is how civic engagement is centered in the work of Student Life and the Student Leadership Council.

In addition to these efforts, there are several other areas of the college facilitating programming, hosting co-curricular activities, and faculty teaching courses with learning outcomes aligned with enhancing students’ civic literacy and encouraging civic and political engagement. Although great work is being done across campus, there is room for improvement and this plan can serve as our commitment as we look to expand on campus programs and partnerships with the community.

The following tables provide a brief overview of the landscape of our campus. This information is based on data collected from Fall 2022 when our total student enrollment was 21,939.

Our institution also gathers data through the Community College Survey of Student Engagement however, we do not currently use this data for action planning related to COD Votes. This is a future opportunity for our team.
V. Goals

Before setting our civic learning and democratic engagement goals on campus, we took the following information into consideration.

We know our campus faces following challenges internally when it comes to get out the vote efforts and registering voters:

- Our institution’s mission statement, values, and strategic plan do not mention civic learning and democratic engagement.
- We don't have sustainable or consistent funding
- We don't have someone whose job responsibility is to foster civic learning and democratic engagement on our campus.
- We don't have processes in place for registering large percentages of our students.

In addition to these known challenges, externally we also do not have a working relationship with our local election office.

With that said, we know our campus has the following strengths when we approach our voter engagement work:

- We have a coalition of people who are positioned to implement civic learning and democratic engagement on our campus.
- We have ways in which we communicate voting information to our students.
- We use the resources readily available to develop and implement civic learning and democratic engagement on our campus.
- Voter engagement efforts on campus are nonpartisan.
- We are able to engage student leaders for the leadership of our initiative.
- We have working relationships with community partners who are invested in civic learning and democratic engagement.

With this in mind, we have set the three goals that we would like to achieve over the next academic year:

1. Ensure that 75% of new students are registered to vote during new student orientation and onboarding
2. Increase our overall 2022 registration rate 5% to 72%
3. Increase our overall 2022 voting rate 5% to 44%

We have also set four goals that we would like to achieve over the next five years:

1. Integrate voter registration into the First Year Experience course by fall 2024
2. Achieve voter parity across racial and ethnic groups, with students of color voting at the same rate as white students.
   a. 2020 data indicate White students are voting at a 64% rate and there is a gap of 22% for Asian students, 8% for Hispanic students, and 6% for Black students.
3. Increase our overall 2024 registration rate 15% to 88%
4. Increase our overall 2024 voting rate 15% to 73%

VI. Strategy

Below, we have outlined a strategy describing how we will bring this vision to life in the coming months and years.

These are tactics that we already completed in the short term (since 2021):

**Spring & Fall 2021 Programming**

**MLK Day of Service - Conversation Circle: For Whom Are We Responsible? – January 18**
Living Leadership Program, Stephanie Quirk, Ph.D., Student Life
Jules Lloyd, Louis University

**Constitution Day 2021 - September 16**
Constitution Day Panel Discussion: Voting Laws: Suppression or Avoiding Fraud?

**Voting Rights Music Friday Faculty Spotlight - September 17**
Julia DiLiberti (Humanities Faculty) Listen to My Rights: Music, Social Justice and Voting Rights

**National Voter Registration Day 2021 - Sept 28**
Hosted by Student Leadership Council & COD Votes! Register to vote in Partnership Hall with the League of Women Voters, Glen Ellyn.

**Voter Registration Table – November 18**
Hosted by Student Leadership Council & COD Votes! Register to vote in Partnership Hall with the League of Women Voters, Glen Ellyn.

"Decision 2022: Get Engaged" Alumni Panel & Info Session - Oct 24
Hear from former COD students about how and why you should get involved in politics, check your voter registration, make a plan to vote, and find out more about the upcoming midterm elections!

"Bridging the Divide" Workshop with Braver Angels - Oct 25 & 27
In our current polarized political environment, many people avoid or dread political conversations with friends or family members whose politics differ from their own. Braver Angels Skills for Bridging the Divide Workshops teach skills for having respectful conversations that clarify differences, search for common ground, and affirm the importance of the relationship. They also give participants a safe environment to practice those skills.

Popcorn Wednesday – GET OUT THE VOTE – Nov 2
Popcorn promotion raising on campus early voting, taking the pledge to vote, and election day. Hosted by Student Leadership Council and Phi Theta Kappa International Honors Society.

Student Leader Tabling – GET OUT THE VOTE – Nov 3
Raising on campus early voting, taking the pledge to vote, and election day. Hosted by Student Leadership Council and Phi Theta Kappa International Honors Society.

Advocacy 101 Workshop – Dec 2, 2022
Leadership is about having a positive impact and advocating for real change - but HOW does that happen? Join the Living Leadership Program for an interactive and engaging leadership development workshop on the topic of ADVOCACY. Led by the Restore Justice Foundation organization, in this training, you will learn about the legislative process in Illinois and how a bill really becomes a law, develop skills to navigate the legislative process in Springfield where lawmakers gather, and build support for issues that matter to you. All students from all majors and all levels of leadership experience are welcome!

Creation of Voter Education Materials
- Faculty-created voting primers
- Student-created graphics and social media campaign on IG @cod.votes

These are tactics that we plan to do in the short term (in the next year):
- Creation of a COD Votes brand identity
- Creation of social media campaigns each semester leading up to 2024 election
- Spring / Fall Voter Registration Drives
- Additional Voter Education Events working with programming partners
These are tactics that we **hope to do** in the **short term** (in the next year):

- Apply for funding to have an AmeriCorps VISTA to support civic engagement work on our campus.
- Hire a paid Student Fellow to support the ongoing coordination of campus volunteers.

These are tactics that we **are already doing** for the **long term** (beyond the next year):

- Establish a Community of Practice (CoP) through Academic Affairs to craft a broader approach to civic engagement on campus.

These are tactics that we **hope to do** in the **long term**:

- Propose a Center for Civic Engagement at our institution.

**VII. National Study of Learning, Voting, and Engagement (NSLVE)**

Our campus has access to our National Study of Learning, Voting, and Engagement (NSLVE) data for the 2020 presidential election. In 2020 our registration rate was 73.4%. In comparison to the data from four years prior in our NSLVE report, this rate increased.

In 2020, our voting rate was 58.7% and our voting rate among registered students was 80.1%. During this year, our voting rate was lower than the national average.

Our campus also has access to our NSLVE data for the 2018 midterm election. In 2018 our registration rate was 67.4%, our voting rate was 39.8% and our voting rate among registered students was 59%.

VIII. Reporting & Evaluation

We plan to share this Action Plan internally when it is complete by emailing to members of our campus coalition and we will share the Action Plan externally when it is complete by posting on the campus website at [www.cod.edu/codvotes](http://www.cod.edu/codvotes).

We will collect feedback on this plan by regrouping with campus coalition to debrief and reflect and integrating feedback collection into individual campus efforts.

We plan to evaluate our success by:

- Reviewing our NSLVE data and looking for improvements year over year
- Seeking out feedback throughout the action planning process from people outside of our action planning team
- Revisiting our goals, identifying goals achieved and not achieved, and adjusting our short and long-term goals accordingly
