

Community College of Rhode Island 2022 Democratic Engagement Action Plan

Developed by: Laurie Sherman

Executive Summary:

CCRI's chapter of Phi Theta Kappa, Pi Omicron, has developed a plan that we have implemented college-wide, across all campuses. We have directed our efforts at getting information to students about voter registration, various ways to vote, when to vote, and why to vote. We have also focused on civic engagement and education by obtaining and distributing pocket sized versions of the U.S. Constitution. We have done this at information sessions on campus, via social media, mainly our Facebook page, and through CCRI's marketing department. We began the process in September and will continue to work vigorously until election day, after which we will develop a new plan to continue our goal of informing students at our college about voting and encouraging them to vote. Our group works closely with CCRI's Office of Student Life. Our goals are to increase the number of CCRI students who vote and perhaps generate an interest in civics and politics.
