

DYERSBURG STATE

COMMUNITY COLLEGE

Ask Every Student Action Plan | All IN Challenge Action Plan

Overview

Dyersburg State Community College is committed to Asking Every Student and creating opportunities for students to register to vote, learn more about the voting process, this history of voting, and the importance of voting.

Coalition

- *Phi Theta Kappa*

- *Karen Norfolk, Susan Charley, Michael Brooks(?)*
- *Dr. Joshua Filtz*
- *Community Election Commissions*
- *Tennessee Campus Democracy Network*
- *Tipton County Public Library*

Description of Work

Voter Education- Student and instructor lead push to educate students on the history and importance of voting. EX: Information Stations and Social Media Campaign. Utilize Zoom to speak to students and provide the information needed to register and a brief presentation that explains the steps of registration.

Voter Registration- Reserve computers in the labs as Registration sites at each location of Dyersburg State Community College as well as offer assistance in the process.

Faculty Initiatives- Incorporate the history and importance of voting into lectures in the Math, English, and History departments. Courses in these departments reach 99% of our campus population.

Motivation to Vote: EAB Navigate texts, My.DSCC email blast, flyers, ink pens with registration website and social media post will all be utilized to reach our students. Use electronic signage to advertise important dates.

Service Learning Experience: Training for students to survey polling sites to ensure that sites are ADA compliant. (Name of Committee)
