Executive Summary

This plan outlines important context, strategy, and goals of the MassArtVOTES initiative for FY25 and more specifically, the 2024 U.S. Presidential Election. The MassArtVOTES initiative aims to get all members of the Massachusetts College of Art and Design Campus community civically engaged, involved, and informed. Through the power of art and design, we aim to create changemakers in our community and beyond.

This plan was developed by the executive leadership team of the 2024-25 MassArtVOTES Initiative and to be implemented on the Massachusetts College of Art and Design Campus (MassArt). The purpose of this plan is to hold our team and community accountable in our efforts to strengthen civic engagement on campus. This plan also serves as a guide for our team members to follow when holding discussions and discussing the initiative with both internal and external parties. This plan's shelf life hereafter will be for the next two (2) years to cover both the upcoming 2024 Presidential & 2025 Municipal election in the year following this report's submission. This plan will be implemented by the Office of Student Engagement within the Student Development Division.

In 2014, we joined hundreds of other higher education institutions participating in the National Study of Learning, Voting, and Engagement, developed by the Institute for Democracy and Higher Education at Tufts University.

In 2020, the MassArtVOTES initiative was forged to prepare and encourage our students to take part in one of the most influential and crucial elections in American history:”

Rebuilding in 2024 with the Presidential Election on the horizon, we have shifted back to the MassArtVOTES branding (fka Artists in Action Coalition) to encompass all of our campus partners. We are artists, designers, educators, historians, and most importantly, change makers. We are committed to educating our community on the basics of civic engagement, and how to use your skills and voice to make a difference.

By utilizing faculty, staff, and student partners on both the MassArtVOTES Leadership Team & through campus wide programming, we are giving our community resources to use in and out of the classroom to have discussions around the election, civic engagement, and more.
