Why Vote?

Issues that we vote on, and that our elected representatives vote on, affect us all. Because older people vote at higher rates than the younger demographic, the older generation is making decisions *for* you. Only about 15% of all citizens vote in local elections, so each vote has even more impact. Local issues affect you, no matter where you're from. Let your voice be heard in *all* elections!

You Are Eligible to Vote in MO if:

- You are a U.S. citizen.
- You are at least 17½ years old and will be 18 by Election Day.
- You have completed your sentence and probation or parole if convicted of a felony.

Problems at the Polls?

Nonpartisan election protection: call 866-687-8683 from your polling place if you are concerned that your voting rights are being infringed upon— someone will help you immediately.

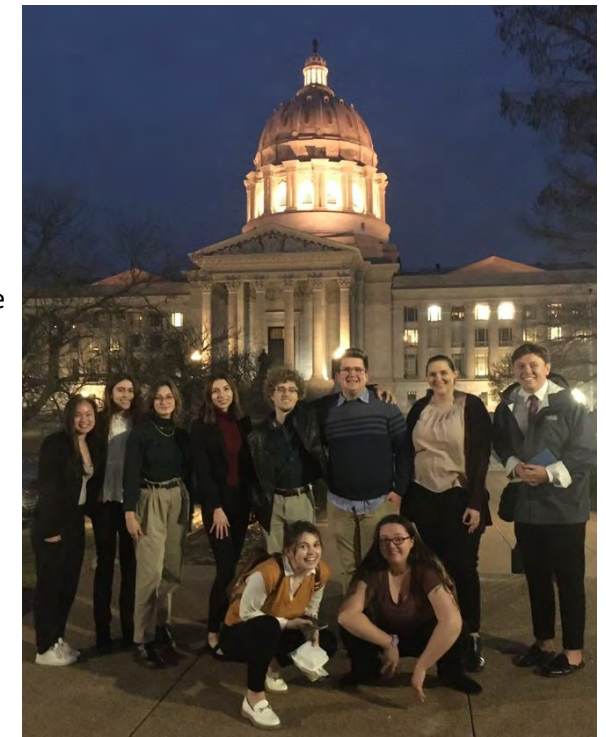

Remember: you do not have to vote on everything for your ballot to count.

Voting and MSU's Public Affairs Mission

When you vote, you are using your voice to take part in the democratic process as well as fulfilling the three pillars of our Public Affairs mission.

- Ethical Leadership
- Cultural Competence
- Community Engagement

Voting FAQs

- **I'm unsure about some things on the ballot – do I have to vote for everything?**
No! Vote only for what you're sure about; your ballot will still count!
- **What if I forget who and what I plan to vote for. Can I take my notes?**
Sure! This isn't a test. You can take your notes or a pre-marked sample ballot into the polling place.
- **Can I vote both here in Springfield and at home?**
No! It is illegal – a felony in most states – to vote more than once. You can easily change your voter registration between elections.
- **Do I need to declare a political party when I register?**
No, declaring a political affiliation is optional in Missouri.
