

2018 Voter Engagement Plan

Scottsdale Community College

Scottsdale, AZ

Overview

[Scottsdale Community College \(SCC\)](#) is one of ten colleges within the [Maricopa Community College District](#) in the greater Phoenix metropolitan area. SCC currently enrolls approximately 8,200 students with 73% attending part time, an average age of 26, and demographics of 63% White/non-Hispanic, 15% Hispanic, 5% American Indian, 5% Black/non-Hispanic, 5% Asian/Pacific Islander and 7% Unspecified. The college is situated on Native American land owned by the Salt River Pima Maricopa Indian Community which borders the vibrant suburb of Scottsdale, Arizona. Signature associates degree programs are found in SCC's School of Film + Theatre, Hospitality & Tourism Management, Nursing, Culinary Arts, and over 25 other technical and university transfer programs.

Strongly supported by the Maricopa Community College District's Value of Civic Engagement and SCC's mission of "promoting civic responsibility, sustainability and global engagement," SCC's [Center for Civic & Global Engagement's](#) mission is to "create quality programs and services that provide our students and employees with curricular and co-curricular opportunities that increase civic engagement and enhance global awareness."

According to the latest Tufts University National Study of Learning, Voting and Engagement (NSLVE) report, SCC's voter registration rate was 61.41% of eligible students, with 42.66% of eligible voters voting in the 2012 presidential elections. The rate of registered voters who actually voted was 69.46%. As a very large percentage of our students transfer to Arizona universities such as Arizona State University and the University of Arizona, the community college sees their time here as critical to developing civic responsibility and global awareness. The Elections provide an excellent opportunity for CCGE to engage students (particularly its student government, the Council of Student Leaders, or CSL) and a designated Team in the development and implementation of a Voter Engagement Plan.

Resources

Budget: Developed to include \$2825 in funding for events (printing of flyers, posters, handouts, and refreshments), Arizona Town Hall participation, Student Public Policy Forum project, and Council of Student Leaders Luncheon.

Material Resources include laminated SCC Votes! 17X22” posters and 4X5” handouts, SCC Votes! buttons created in-house by CSL, voter registration forms, iPads for Voter Registration loaned from SCC Media Center.

Support Resources include SCC Faculty expertise as well as expertise and time donated by community partners such as Leagues of Women Voters and ASU Institute for Civil Dialogue.

Assessment

Anticipated Challenges: SCC is in many ways a typical community college with challenges for engaging busy, working, family-committed students in campus projects. Challenges include communication of events, reaching underrepresented students, and addressing apathy of demographics of student population. For that reason, the CSL will work hard to engage students in and out of the classroom, work with clubs, and faculty will be contacted to collaborate with CCGE on presentations, offering Extra Credit, and creating curricula modules relevant to the 2016 Elections.

Measuring Success: SCC has received the results of the 2016 National SLV and voter registration data will be compared to the 2018 turnout as well as to national data. In addition, event attendance will be kept and, as appropriate, short evaluations will be disseminated to event audiences. Faculty feedback from those using the Elections in their curriculum will also be gathered.
